Forecast for Monday 13 May 2024

Weather: Low cloud will lift and break this morning to leave most of the day dry with sunny intervals. Rain will gradually spread from the southwest across the National Park during this evening.

Chance of cloud-free hill tops above 800m: 70%,

Low cloud and visibility: Poor in widespread low cloud down to 400 metres at first. This will lift and break this morning with little in the way of summit cloud by afternoon. Still some haziness in the air.
